Erotic literature comprises fictional and factual stories and accounts of human sexual relationships which have the power to or are intended to arouse the reader sexually. Such erotica takes the form of novels, short stories, poetry, true-life memoirs, and sex manuals. A common feature of the genre is sexual fantasies on such themes as prostitution, orgies, homosexuality, sadomasochism, and ...

The relationship between women and video games has received extensive academic, corporate, and social attention. Since the 1990s, female gamers have commonly been regarded as a minority, but industry surveys have shown that in time the gender ratio has become closer to equal, and since the 2010s, women have been found to make up about half of all gamers.
