Indian Institute of Technology Gandhinagar (also known as IIT Gandhinagar or IITGN) is a public engineering institution located in Gandhinagar, Gujarat, India. It has been declared to be an Institute of National Importance by the Government of India.

Indian Institute of Technology Gandhinagar - Wikipedia

In mathematics, parity is the property of an integer's inclusion in one of two categories: even or odd. An integer is even if it is divisible by two and odd if it is not even. For example, 6 is even because there is no remainder when dividing it by 2. By contrast, 3, 5, 7, 21 leave a remainder of 1 when divided by 2. Examples of even numbers include 4, 0, 82 and 178.

Parity (mathematics) - Wikipedia
