For "problem codes," categories 1 and 3 are combined into a single category labeled "very or somewhat prominent," and 2, 4, 5, 6, and 9 are combined into a single category called "prompted, little, or no prominence." Almost all of the data analysis in Agendas, Alternatives, and Public Policies is based on this collapsed version of categories.

Core ideas. Kingdon argues that the structure of American political institutions, especially Congress, encourages fragmentation and splintering in American national governance. He also believes this occurs more in the United States than elsewhere. In his book *Agendas, alternatives and public policies* he proposed that for an issue...
