An audit is a systematic and independent examination of books, accounts, statutory records, documents and vouchers of an organization to ascertain how far the financial statements as well as non-financial disclosures present a true and fair view of the concern. It also attempts to ensure that the books of accounts are properly maintained by the concern as required by law.

## **Audit - Wikipedia**

The CMA carried out a market study into digital comparison tools (DCTs) to see how they are working for consumers, businesses and the economy.
