

core plus mathematics course pdf

This is the first course in the Core-Plus series and covers topics regarding patterns in data, patterns of change, linear models, graph models, patterns in space and visualization, exponential models, and simulation models.

CorePlus Mathematics Course 1 - Elmwood Park High School

The Core-Plus Mathematics Project (CPMP) has completed a significant revision of its international-like, four-year high school mathematics program. The research-based curriculum materials are the product of iterative cycles of design, development, field-testing, and refinement over more than 20 years with support, in part, from the National ...
