Step 3 Pre-Algebra " Easy Peasy All-in-One Homeschool

Accounting or accountancy is the measurement, processing, and communication of financial information about economic entities such as businesses and corporations. The modern field was established by the Italian mathematician Luca Pacioli in 1494. Accounting, which has been called the "language of business", measures the results of an organization's economic activities and conveys this ...

The OxMetrics tm system presents an interactive menu-driven graphics-oriented system for econometric, statistic, and financial analysis. Here we describe the core OxMetrics program, which acts as the `front-end' to a series of integrated software modules. These modules obtain their data from OxMetrics and return output and graphics to it.
