Alberta is a Canadian province. Located in Western Canada, the province has an area of 661,190 square kilometres (255,290 sq mi) and is bounded to the south by the U.S. state of Montana along 49° north for 298 kilometres (185 mi); to the east at 110° west by the province of Saskatchewan for 1,223 kilometres (760 mi); and at 60° north the Northwest Territories for 644 kilometres (400 mi).

### **Geography of Alberta - Wikipedia**

Geography . The discipline of Geography has a broad scope and combines elements of both the social and natural sciences. Two principal divisions of the subject exist – human geography and physical geography – linked by a common background: a mutual concern for humans and the environment, and a body of related theory and methodology.
