Globalization or globalisation is the process of interaction and integration among people, companies, and
governments worldwide. Globalization has grown due to advances in transportation and communication
technology. With increased global interactions comes the growth of international trade, ideas, and
culture. Globalization is primarily an economic process of interaction and integration that's ...

In the 21st century Canada is often characterised as being "very progressive, diverse, and multicultural". However, Canada until the 1940s saw itself in terms of English and French cultural, linguistic and political identities, and to some extent indigenous. European immigrants speaking other languages, such as Canadians of German ethnicity and Ukrainian Canadians, were suspect, especially ...
