That's true enough, but Angela didn't say anything about wanting to send a pdf of that one page. If someone asked me for some info I happened to have in a long PDF, then I would - as you suggest - just email a screenshot of the page (as a jpg or png, which anyone should be able to handle), or extract the text and send that if images weren't essential.

Goldilocks was a playful little girl who had lovely golden hair and that is why she was called Goldilocks. One day, while roaming the woods, she saw a pretty cottage. She went inside and saw three bowls of porridge on the table. Tasting the porridge in the biggest bowl she said, "This porridge is too hot!"

Goldilocks - Short Stories

Given some genetic sequences (from one or more samples, comprising of one or more chromosomes), Goldilocks will shard each chromosome in to subsequences of a desired size which may or may not overlap as required. For each chromosome from each sample, each subsequence or "region" is passed to the user's chosen strategy.
