government ideology economic pressure pdf

An ideology is a collection of normative beliefs and values that an individual or group holds for other than purely epistemic reasons.. The term was coined by Antoine Destutt de Tracy in 1796, who conceived it as the "science of ideas". In contemporary philosophy it is narrower in scope than that original concept, or the ideas expressed in broad concepts such as worldview, imaginary and ontology.

Ideology - Wikipedia

Socialism is a range of economic and social systems characterised by social ownership and workers' self-management of the means of production as well as the political theories and movements associated with them. There are many varieties of socialism and there is no single definition encapsulating all of them, though social rather than individual ownership is the common element shared by its ...

Socialism - Wikipedia

An exploration of the nature and history of capitalism. Global capitalism, colonies and Third-World economic realities.

Global Capitalism, The History and Nature of Capitalism

Governments in various countries, irrespective of the country's level of economic growth, seek to initiate macroeconomic policies towards achieving better economic performance in order to advance level of business activities and ultimately, ensure better quality of life for the people.
