SUMMARY. Provide leadership to position the company at the forefront of the industry. Develop a strategic plan to advance the company's mission and objectives and to promote revenue, profitability and growth as an organization.

CEO or President Job Description - hrVillage.com

Complexity characterises the behaviour of a system or model whose components interact in multiple ways and follow local rules, meaning there is no reasonable higher instruction to define the various possible interactions.. The term is generally used to characterize something with many parts where those parts interact with each other in multiple ways, culminating in a higher order of emergence ...

Complexity - Wikipedia

Performance management is a systematic process by which an agency involves its employees in improving organizational effectiveness in the accomplishment of the Agency's mission and strategic goals. It is a clearly defined process for managing people that will result in success for both the individual and the organization.

What are the characteristics of an HR system designed to develop a capacity for organizational resilience? To answer this question, we use the model depicted in Fig. 1, adapted from Lepak et al. (2004). This model consists of three components: HR principles, HR policies, and desired employee contributions.

Developing a capacity for organizational resilience
