The Schools That Teach tour was created by Governor Tom Wolf to celebrate the incredible teaching and learning taking place in Pennsylvania classrooms every day.

Pennsylvania Department of Education

Teachers often find it difficult to integrate writing and mathematics while honoring the integrity of both disciplines. In this article, the authors present two levels of integration that teachers may use as a starting point. The first level, writing without revision, can be worked into mathematics instruction quickly and readily. The second level, writing with revision, may

Integrating Writing and Mathematics | Reading Rockets

The area of study known as the history of mathematics is primarily an investigation into the origin of discoveries in mathematics and, to a lesser extent, an investigation into the mathematical methods and notation of the past. Before the modern age and the worldwide spread of knowledge, written examples of new mathematical developments have come to light only in a few locales.
