I. A group of Manhattan Project physicists created a tongue-in-cheek mythology where superintelligent Martian scouts landed in Budapest in the late 19th century and stayed for about a generation, after which they decided the planet was unsuitable for their needs and disappeared. The only clue to their existence were the children they had with local women.

Verb []. tutor (third-person singular simple present tutors, present participle tutoring, simple past and past participle tutored) To instruct or teach, especially to an individual or small group To help pay her tuition, the college student began to tutor high school students in calculus and physics. (trading card games) To search your deck for one or more other cards.

### **tutor - Wiktionary**

A teacher (also called a school teacher or, in some contexts, an educator) is a person who helps others to acquire knowledge, competences or values.. Informally the role of teacher may be taken on by anyone (e.g. when showing a colleague how to perform a specific task). In some countries, teaching young people of school age may be carried out in an informal setting, such as within the family ...
