World Energy's Plans for Expansion of Biofuel Production at Paramount Facility This program will be of great interest to those interested in biofuels, new local refinery projects, opportunities for networking in the process industry field, and control system training for technicians and engineers.

ISA Los Angeles Section

A smart city is an urban area that uses different types of electronic data collection sensors to supply information which is used to manage assets and resources efficiently. This includes data collected from citizens, devices, and assets that is processed and analyzed to monitor and manage traffic and transportation systems, power plants, water supply networks, waste management, law ...

George Glenn Jones (September 12, 1931 – April 26, 2013) was an American musician, singer and songwriter. He achieved international fame for his long list of hit records, including his best known song "He Stopped Loving Her Today", as well as his distinctive voice and phrasing. For the last twenty years of his life, Jones was frequently referred to as the greatest living country singer.

Stepping Up Our Game: Re-focusing the Security Community on Defense and Making Security Work for Everyone. Since the first Black Hat conference 20 years ago, the security community, industry and the world have changed to the point that it's time to re-examine whether we're living up to our responsibilities and potential.

Abusing Windows Management Instrumentation (WMI) to Build a Persistent Asynchronous and Fileless Backdoor. Imagine a technology that is built into every Windows operating system going back to Windows 95, runs as System, executes arbitrary code, persists across reboots, and does not drop a single file to disk.

David Archibald, polymath, makes a bold prediction that temperatures are about to dive sharply (in the decadal sense). He took the forgotten correlation that as solar cycles lengthen and weaken, the world gets cooler. He refined it into a predictive tool, tested it and published in 2007. His paper ...

Global cooling coming? Archibald uses solar and surface
