The First Thanksgiving Teaching Guide: Grades PreKâ€“2

In social science, a social relation or social interaction is any relationship between two or more individuals. Social relations derived from individual agency form the basis of social structure and the basic object for analysis by social scientists. Fundamental inquiries into the nature of social relations feature in the work of sociologists such as Max Weber in his theory of social action.

The difference between teachers and their students has never been so stark. A recent report from the National Center for Education Statistics shows that since 2014, white students no longer make up the majority in American schools. Future projections show the white population shrinking to a smaller and smaller proportion of the whole, and the combined populations of students from other ...
