Introduction to Social Network Methods - Analytic Tech

"Differentiation" is a term in system theory. From the viewpoint of this theory, the principal feature of modern society is the increased process of system differentiation as a way of dealing with the complexity of its environment. This is accomplished through the creation of subsystems in an effort to copy within a system the difference between it and the environment.

Differentiation (sociology) - Wikipedia

Public sociology is a subfield of the wider sociological discipline that emphasizes expanding the disciplinary boundaries of sociology in order to engage with non-academic audiences. It is perhaps best understood as a style of sociology rather than a particular method, theory, or set of political values. Since the twenty-first century, the term has been widely associated with University of ...
