A NEUROLOGIST'S NOTEBOOK THE MIND'S EYE What the blind see. BY OLIVER SACKS In his last letter, Goethe wrote, "The Ancients said that the animals are taught through their organs; let me add to this, so are men, but they have the advantage of teaching their organs in return." He wrote this in 1832, a time when phrenology was at its height, and ...

A NEUROLOGIST'S NOTEBOOK THE MIND'S EYE

Migraine is a lifelong problem. It may start in childhood and disappear and reappear in new forms throughout an individual's life. In general, there is a decrease in headache intensity and an increase in the incidence of atypical symptoms of migraine (vertigo, ear pain, bowel symptoms, etc) as patients mature.

Migraine – More than a Headache

This book, though older with only a few recent updates, is a fairly extensive look at migraine. Oliver Sacks does a good job of including all of the different types of migraine conditions and aura symptoms through presentation of many case studies and some research.
