

opera pms version 5 pdf

Hospitality industry. The first property management systems in the hospitality industry appeared on the market in the 1980s. In hotels a property management system, also known as a PMS, is a comprehensive software application used to cover objectives like coordinating the operational functions of front office, sales and planning, reporting etc.

Property management system - Wikipedia

FCS e-Connect is an automated guest service request and inter-department work order dispatch system that sends jobs via various handheld devices and/or printers for different departments.
