Are your students ready for the Common Core math exams? You can find out by using Benchmark Now!, a free online tool from Naiku for Grades 3-High School. It is designed to help identify students' knowledge and skills with professionally developed assessments using questions from Houghton Mifflin Harcourt's Assess2Know® Benchmark Item Bank.

Common Core Math--Intro to High School Teaching Resources

Elementary algebra encompasses some of the basic concepts of algebra, one of the main branches of mathematics. It is typically taught to secondary school students and builds on their understanding of arithmetic. Whereas arithmetic deals with specified numbers, algebra introduces quantities without fixed values, known as variables. This use of variables entails a use of algebraic notation and an ...
