This chapter discusses boiler plant and auxiliaries. The advantages of sectional boilers lie in the relatively small component part involved. As the life of a central-heating boiler is usually less than that of the building that it serves, the question of boiler replacement must be considered at an early stage in the design of a building and its services.

Proverbs are popularly defined as "short expressions of popular wisdom". Efforts to improve on the popular definition have not led to a more precise definition. The wisdom is in the form of a general observation about the world or a bit of advice, sometimes more nearly an attitude toward a situation.
