Cocaine's effects appear almost immediately after a single dose and disappear within a few minutes to an hour. Small amounts of cocaine usually make the user feel euphoric, energetic, talkative, mentally alert, and hypersensitive to sight, sound, and touch.

### **What are the short-term effects of cocaine use? | National**

MonaVie is a defunct, American multi-level marketing company that manufactured and distributed products made from blended fruit juice concentrates, powders, and purées. The company was the subject of several controversies. Health claims for its products had not been scientifically confirmed or approved by regulatory authorities, and its chairman had been previously involved in false health ...

Sterilization (also spelled sterilisation) is any of a number of medical methods of birth control that intentionally leaves a person unable to reproduce. Sterilization methods include both surgical and non-surgical, and exist for both males and females. Sterilization procedures are intended to be permanent; reversal is generally difficult or impossible.

### **Sterilization (medicine) - Wikipedia**

63 Physiologic Responses and Long-Term Adaptations to Exercise is generally much higher in these patients, likely owing to a lesser reduction in total peripheral resistance.
